ADE K-12 Standards PD and Resources

For principals implementing new standards means supports for planning, capacity building, and implementation. School principals need assistance to ensure that they understand the requirements and have the resources for providing professional development to teachers, have access to the needed curricula, and have a chance to provide input into assessment protocols and procedures. The understanding and leadership of principals is essential to the success of an environment focus on developing students' critical thinking, problem solving and real world application of skills.
